# Drinks for Special Occasions

---

### *In This Chapter*

- ▶ Preparing punches for parties
  - ▶ Serving special holiday drinks
- 

You're bound to have a few parties throughout the year, and some of those parties will probably fall on holidays. I start the chapter with a few pages of punch recipes. They'll be a hit at any gathering. The chapter ends with a sampling of holiday drinks. Try them with your friends throughout the year.

## *Punches*

Punch may have come from the word *puncheon*, a cast made to hold liquids, such as beer. The word may also have come from the Hindu word *pantsh*, which means *five*. What does five have to do with anything? British expatriates in India in the 17th century made a beverage consisting of five ingredients: tea, water, sugar, lemon juice, and a fermented sap called *arrack*.

Regardless of the history or origin, punches of all kinds are an expected beverage at many of today's social gatherings. Whether you're an aspiring bartender or just someone who wants to be a good host (and the life of the party), you need to have at least a few of the following punches in your repertoire.
